

## **BEING SO FAR**

*letra e música: João Lóio*

Being so far  
and being so near,  
with no one to dry up your tears,  
to be sweet and warm,  
to keep out the storm  
I'm talking to you my wind-like love  
I don't need any words  
to say all I need to  
just be beside you,  
take me in your arms  
and sing me a song,  
take me to the place I belong.
